IF YOU DRIVE A CAR AND EARN A LIVING IN THE LAKE REGION WE'D ADVISE YOU TO BUY AN AUTOMOBILE DRIVER'S LICENSE

Have you bought your driver's license yet? If you haven't we'd advise you to do so immediately. In some sections of the state offisials are beginning to crack down on those who have been diligent in this matter. The same action is to be expected in this section of the state before long.

We'offer a word of advice to transients who are employed in the section and plan to remain throughout the season. To these folks we suggest that they buy a license before 'the man' gots you. He may let you off light the first time and again he may not. Why take chances?

ANOTHER BUSY SEASON IS HERE AND SCHOOL CHILDREN MUST BE PROTECTED FROM RECKLESS DRIVERS

Another busy season is at hand and school children must be protected from motorists who have no consideration for the other fellow. School busse plying their routes around Lake Okeechobee—carrying precious lives—must be given every consideration possible by those who drive cars in order that no student lose his life.

With the many school busse carrying pupils to a centralized high school it is humanly impossible for one partolman to rive the needed attention to this matter. Right now we have only one patrolman working the Lake Okeechobee Region and he can't do an efficient job because, after all, he can he in only one place at a time.

Thousands of colored bean pickers are.

WHY DOESN'T J. MARK WILCOX RUN FOR THE SENATE IF SENATOR ANDREWS ACCEPTS APPOINTMENT TO THE FEDERAL BENCH?

Throughout the Lake Okeechobee Region in Palm Beach county friends of J. Mark Wilcox are wondering why he doesn't plan to run for the United States senate in plan to run for the United States senate in plan to run for the United States senate in plan to run for the United States senate in plan to run for the United States senate in plan to run for the United States senate in plan to run for the United States senate in plan to run for the federal judgaship waasted by Judge Akerman. These same friends don't believe Mark will seek the job if Senator Andrews offers for re-election, but, they are anxious that the former congressman toss his hat into the ring if Senator Andrews retires from the senate.

By custom the seat now coupled by Senator Andrews belongs to South Florida. Of course, should the senator resign now, there would be a precess appointment by the work of the senate senate, and take a senatorial appointment to round out an outstanding political career. These same folks believe, however, that Governor Cone will retuse to make a state-wide campaign for a full term of six years.

That Mark Wilcox is ably fitted to serve the state of Florida as United States senator is an established fact. His three terms in congress gave him an insight to will be the server the state of Florida as United States senator is an established fact.
